The "SOUL" Panther

"Foreword"

Introducing your book, the book in which through your help, and participation, has been made possible to be published.

Many thoughts and efforts have gone into compiling this book. If you recall the joys, laughter and dreams of 1970 while glancing through these pages, we shall be pleased, knowing that we have done the things we started out to do.

Our high school days are filled with glad moments and cherished memories. To help you remember them, we present to you the best book ever published, the "1970 Panther."

"Our Alma Mater"

O' H & I, we love thee,
No matter where we roam;
We'll always love our colors,
Dear ole black and gold.
Oh lovely plains of learning,
We hold our heads so high,
For our Alma Mater - H & I.

O' H & I, we're loyal,
To all our precepts true,
Glad moments we have cherished,
We owe our gratitude.
To thee we raise our voices,
In triumph far and nigh,
For our Alma Mater - H & I.

Editor's Message

Come share with us our memories of years here at Henderson Institute.

Successes and failures are all part of our lives but we hope to you, through our production of the "1969-1970 Panther," our most rewarding and fondest memories.

Our time and effort would be considered well spent if we knew you found in our yearbook a sample of the feelings we have for Henderson Institute.

A large "THANK YOU" goes to our parents, teachers, counselors, principal and the countless others who helped us to climb another flight of steps toward our goal.

We hope you will enjoy our production of the 1969-70 "SOUL" Panthers.

Milton H. Brodie

*“Words hot off
the press.”*

As Co-editor of the 1969-1970 Panther I have found much pleasure in reproducing all the events that have filled our memory cup to its maximum capacity. It is difficult, even impossible to preserve all of the fun filled moments of our senior year. Along with the other members of the Annual Staff, I have managed to capture a portion of the memories that will remain with us, not only on these pages, but also in our hearts.

We have sacrificed many hours in preparing this book. We trust that it will be one of the best in the history of Henderson Institute.

The Senior Class of 1970, having had "You," Mr. Spencer, touch our lives, deem it a great privilege and honor to have known you because of your deep leadership resources.

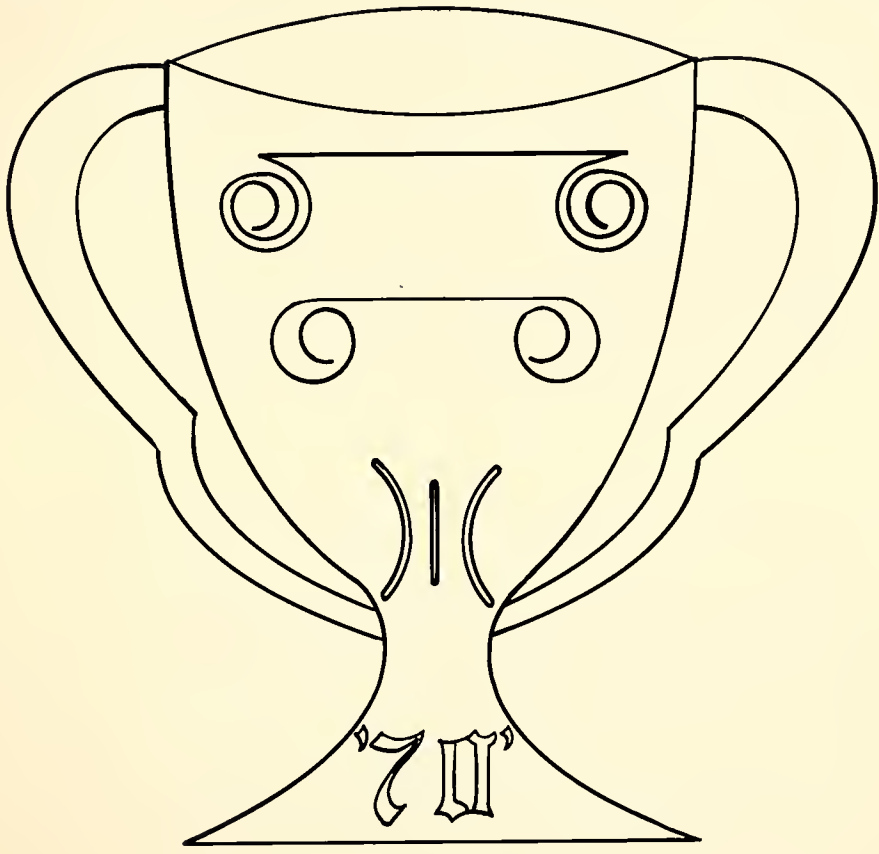

You have inspired, assured, given us a spark of enthusiasm, a conviction of values, a sense of direction and a meaning for life. These resources are vital for us, as we look forward to the future.

Your deep concern for us, and all individuals of our community will be felt throughout many generations.

We are deeply appreciative for your untiring, unselfish devotion to a worthy cause, the growth and development of individuals.

May we "salute you" as a great leader because of your keen understanding and profound faith in all people.

Our Principal

Dear Seniors:

On behalf of the faculty, I extend congratulations to members of the class of 1970, as you leave Henderson Institute to enter into another phase in your preparation for tomorrow.

Your graduation takes place during a very confusing time in our history. We are living in the midst of great social change accompanied by rebellion and militancy. Many baffling problems confront us. You will have to find answers to many questions and determine many courses of action to take in regard to morals, values, goals and associations with others. The destiny of our land rests upon your shoulders and will be determined by you.

Henderson Institute has attempted to provide for you many experiences which will enable you to realize your potential and to make decisions which will lead to the creation of that type of society which will insure wholesomeness, happiness and well-being. Let us hope that our efforts have not been in vain. Go forth from here and make of yourselves, men and women, of whom anyone will be justly proud.

Again I say, "Congratulations and best wishes" to you all.

Very truly yours,

R. N. Wright

Our Assistant Principal

As you have sojourned for four years in our high school community, we proudly commend you, class of 1970, for your achievements. May you now go forth and let the lessons that have been taught you serve, as a burning inspiration to you and those who have sacrificed, that your goal might be attained.

Now, as you meet the challenge of a larger world community, it is our fondest hope that you have laid well the foundation upon which to build a finer life; that you have formed ideals toward which you will move with faith, courage, and determination; and that you have dedicated yourselves to some worthy task that you will make the lot of mankind better. AMOR VINCIT OMNIA!

Our Supervisor

Dear Seniors:

It is with profound pleasure that I congratulate members of the graduating class of 1970 upon the successful completion of their high school careers. You have reached an important milestone in your lives. Hopefully, you have been provided educational opportunities that will enable you to face life's challenges with courage, serenity, enthusiasm, confidence, understanding, faith and hope. Remember that the world is a learning laboratory. Continue to learn and to grow intellectually.

As you move into our democratic, complex society as responsible citizens, and strive to make a worthwhile contribution, it will be wise to ascribe to the philosophy suggested by Daniel Starch who stipulates that one should:

1. Do unto others as you would that they should do unto you.
2. Know thyself.
3. Anything that is worth doing at all is worth doing well.
4. If at first you don't succeed, try, try again.
5. The great essentials of happiness are something to do, something to love, and something to hope for.
6. The only way to have a friend is to be one.
7. As a man thinketh in his heart, so is he.
8. Knowledge is power.
9. Action speaks louder than words.
10. An ounce of prevention is worth a pound of cure.

You have my best wishes for success, good health and happiness!

CLASS SONG . . . TUNE . . . NOW IS THE HOUR

O, H & I, how sad we are to go,
You have been with us through time and time ago.
How sad we are to say on this commencement day;
We'll always think of you as we go our way.

Through tears and fears,
We won't forget the years
Because of joyous moments we've spent here.
The hour and time grows near, for us to leave you dear,
But we shall return and bring back moments spent here.

O, H & I, it's time to say good-bye,
Soon we'll be departing in this world far and wide,
Oh how we hate to leave,
Our hearts are filled with grieve,
For you have helped us in most of our achieve.

CLASS MOTTO

"United We Conquer"

CLASS POEM

The time has come for us to depart.
We leave all our friends behind.
A saddened stir entered our hearts.
And a new journey we are about to find.

For most of us we still live
In every room and every stone.
To you all our love we give.
From you our heart will never roam.

For life is only about to begin,
And you are our best stepping stone.
For the new world we walk in;
You've help us build a sturdy backbone.

We say goodbye H. I., goodbye.
But its our bodies that only go.
And what our spirits remain to say,
Is Hello H. I., Hello.

Rev. Dr. Martin Luther King, Jr.'s

"I Have A Dream"

I say to you today, my friends, that in spite of the difficulties and frustrations of the moment, I still have a dream. It is a dream deeply rooted in the American dream.

I have a dream that one day this nation will rise up and live out the true meaning of its creed: "We hold these truths to be self-evident: that all men are created equal."

I have a dream that one day on the red hills of Georgia the sons of former slaves and the sons of former slaveowners will be able to sit down together at the table of brotherhood.

I have a dream that one day even the state of Mississippi, a desert state sweltering with the heat of injustice and oppression, will be transformed into an oasis of freedom and justice.

I have a dream that my four little children will one day live in a nation where they will not be judged by the color of their skin but the content of their character.

I have a dream today. I have a dream that one day the state of Alabama, whose governor's lips are presently dripping with the words of interposition and nullification, will be transformed into a situation where little black boys and girls will be able to join hands with little white girls and white boys and walk together as sisters and brothers.

I have a dream today. I have a dream that one day every valley shall be exalted, every hill and mountain shall be made low, the rough places will be made plains, and the crooked places will be made straight, and the glory of the Lord shall be revealed, and all flesh shall see it together.

This is our hope. This is the faith with which I return to the South. With this faith we will be able to hew out of the mountains of despair a stone of hope. With this faith we will be able to transform the jangling discords of our nation into a beautiful symphony of brotherhood. With this faith we will be able to work together, to pray together, to struggle together, to go to jail together, to stand up for freedom together, knowing that we will be free one day.

This will be the day when all of God's children will be able to sing with new meaning "My country 'tis of thee, sweet land of liberty, of thee I sing. Land where my fathers died, land of the Pilgrim's pride, from every mountainside, let freedom ring."

And if America is to be a great nation this must become true. So let freedom ring from the prodigious hilltops of New Hampshire. Let freedom ring from the mighty mountains of New York. Let freedom ring from the heightening Alleghenies of Pennsylvania.

Let freedom ring from the snow-capped Rockies of Colorado.

Let freedom ring from the curvacious peaks of California!

But not only that! Let freedom ring from Stone Mountain of Georgia!

Let freedom ring from every hill and mole hill of Mississippi. From every mountainside, let freedom ring.

When we let freedom ring, when we let it ring from every village and every hamlet, from every state and every city, we will be able to speed up that day when all of God's children, black men and white men, Jews and Gentiles, Protestants and Catholics, will be able to join hands and sing in the words of that old Negro spiritual, "Free at last! Free at last! Thank God almighty, we are free at last!"

Mr Jones,
I will never
glad when school
closes. Chemistry and
Gen. Brath. were to of
my hardest subjects.
Not really but almost.

May 13, 1970
Mr. Jones
I have been a pleasure
to have you as my teacher
trying to get the Chemistry
in your class but never the
less the subject appeared
rather hard to me. I just
want to say may happiness
be yours and best of luck to
you always.
A friend
Bernita Hawley

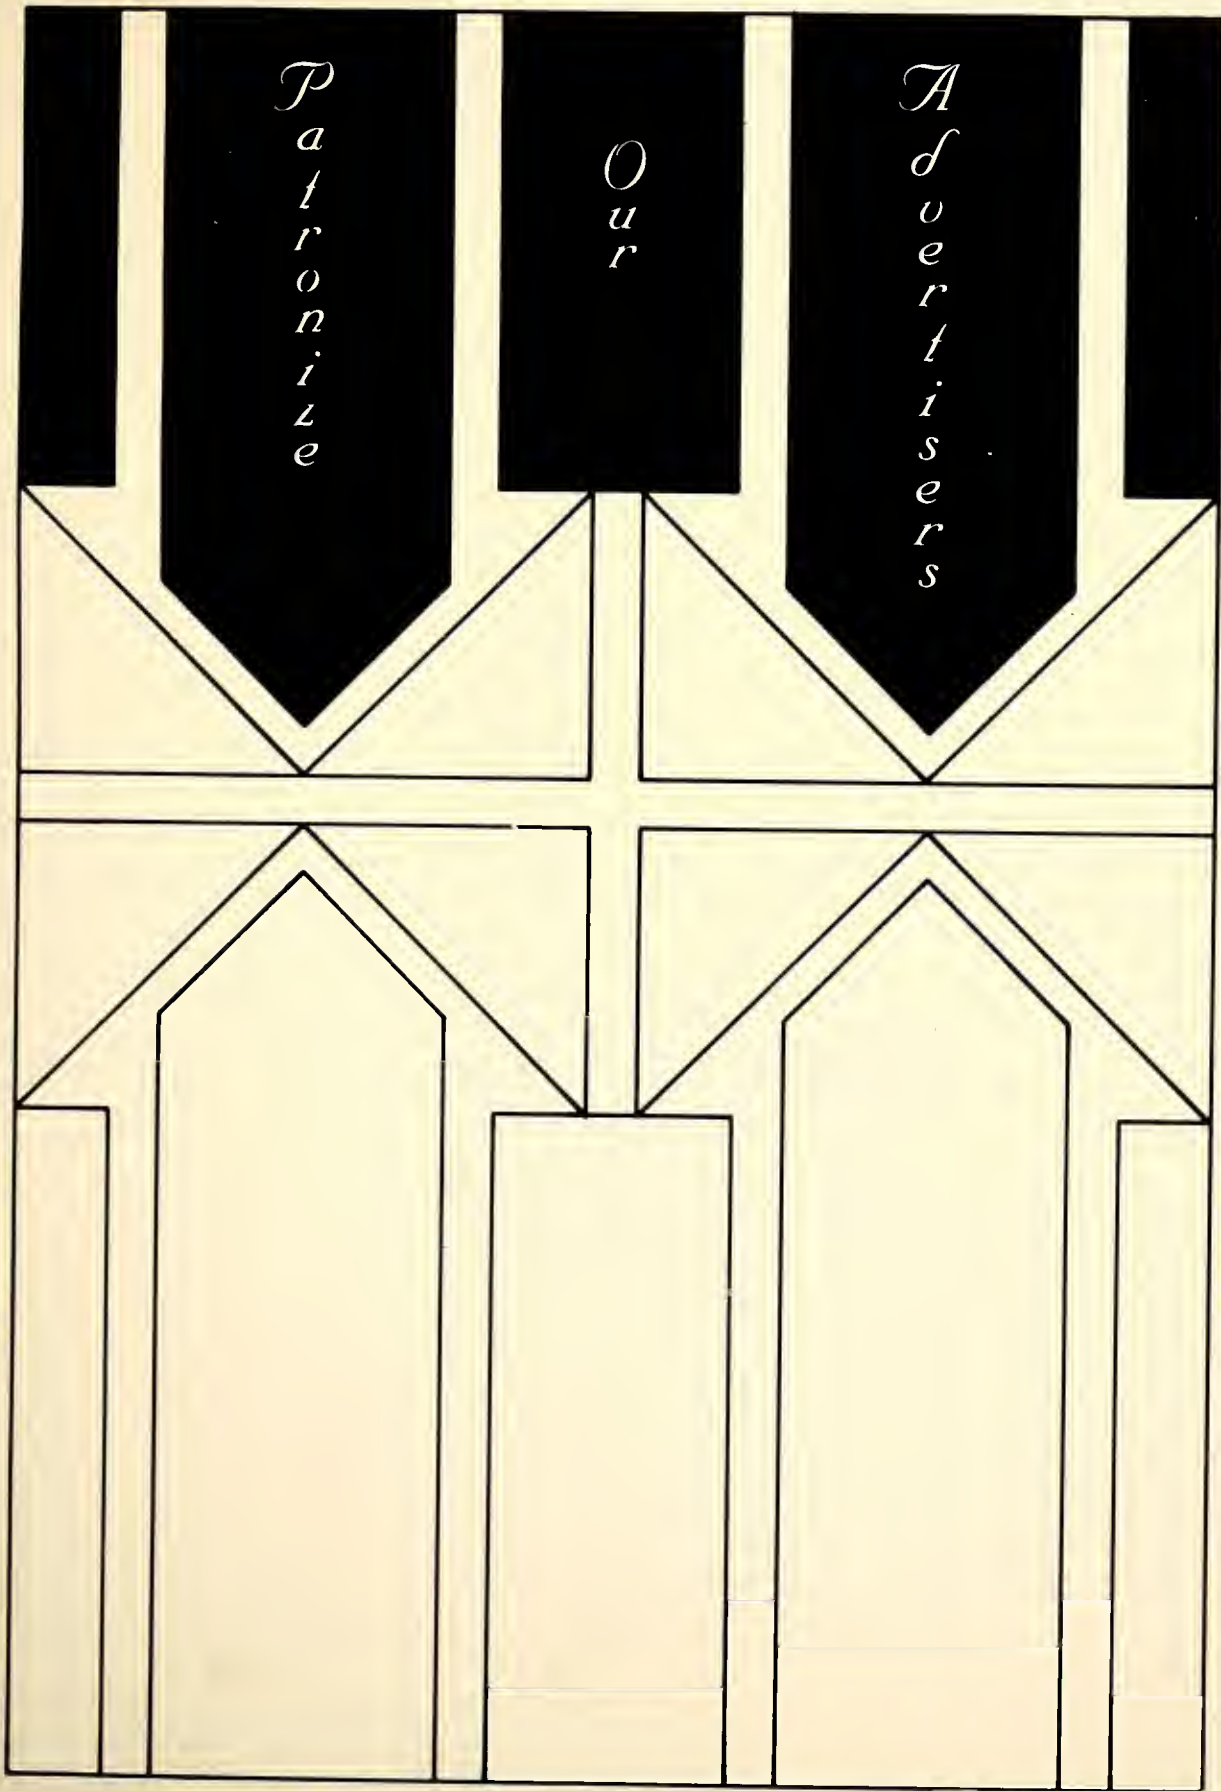

Mr Jones
I find this has been
an interesting year. I
think you are a de-
manding teacher that
makes his students get
the best. Best Wishes
Carolyn Baskerville
"KAK"

Mr. Jones,
Being in your
math class three two
years has been a
pleasure. I enjoyed
being your student
and having you
as my teacher.
Best of luck.
